and what have you

by BOB CRAIG

After many months of hard work on the part of a number of Hamlin citizens the paving project finally became a reality last Wednesday afternoon when the contracts were signed.

Although the contractor submitted his bid on the basis of 20 blocks of paving, he agreed to the same price when the city could come up with only 18 blocks. Naturally he is hoping to pick up more blocks after the work gets underway.

At the price and terms of this paving program Hamlin should be able to pave 30 to 40 blocks of streets and at this time just a few individuals are holding up work on from five to ten blocks.

In watching the weekly papers I receive from around the state it seems that Hamlin's paving will run \$1.00 to \$2.00 less than any other similar project.

Oilton, in Lamb County, voted Saturday on a \$80,000 Paving Bond to finance the cities share of their program. If it passed, the city will pay about 20 per cent and the property owners will pay about \$4.25 per front foot.

It will be an assessment paving program and financing will be at 7 percent.

All of the paving figures I have seen run over \$4.00 per front which makes this \$3.35 paving a real bargain.

Selective Service observed its 20th anniversary Friday without much fanfare. The act became law September 16, 1940 and in the ensuing 20 years, nearly 600 thousand men have gone into the uniform services through Texas draft boards.

It is estimated that more than 200 Texas citizens who began their service 20 years ago are still serving as draft board members and in other uncompensated posts.

COUNCIL LETS CONTRACT TO PAINT TOWER

The City Council approved the payment of the \$1,013.71 to W. W. Greif and Associates for their work on the city paving program, this is half of the engineering fees on the job and the balance will be due when the job is finished.

Other action taken by the council in their regular session Tuesday night was the approval of a contract with Water Tank Service of Dallas to clean and paint the inside of the North water tower. The work will cost the city \$1,945 and is to be done in November.

ROTARIANS TOLD OF NEW INDUSTRY

West Texas has at its fingertips a new and highly profitable industry if it would take advantage of it. Dr. Paul Marion, superintendent of the Spur Experiment Station, told the Hamlin Rotarians and their guests here Wednesday.

The industry Dr. Marion spoke of was beef cattle feeding. Instead of shipping our cattle and our feed out of state for feeding, we could feed here and ship our beef dressed at a much higher profit.

For this to be profitable the cattlemen and feeders must keep abreast of current research in the feeding industry, he said.

Dr. Marion, who has been with the Spur Station for 20 years, told the group of some of the work being done by the station and said that they now have four major projects being carried on.

The projects are: water and soil conservation, beef cattle feeding, brush control and grazing research.

Farmers and ranchers of this area were guests of the club to hear Dr. Marion.

Pipers to Host Yellowhammers

Going for their fourth victory the Pipers will meet the Rotan Yellowhammers here Friday night at 8 o'clock in Pied Piper Stadium.

While the Pipers were fighting off a stubborn Merkel outfit, 22-6, the Yellowhammers were winning an offensive duel with Slaton last week, 57-22.

Hamlin will be playing without the services of Bob Murff who was injured in the game here last week. They will also see only limited action from their starting half-backs, Robert Brandon and Joe Ford

Both boys are nursing sprained ankles.

Rotan will bring a wide open offensive team here Friday night. They have plenty of speed in their half-backs and a quarterback who likes to pass.

The probable starting line up for the Yellowhammers will have Rogers, 150-pounds, at left end; Hunnsaker, 175-pounds at left tackle; Garcia, 145-pounds, at left guard; Ship, 170-pound center; Lopez, 145-pounds at right guard; Loon, 195-pounds, at right tackle; Petty, 160-pounds, at right end; Field, 150-pounds at quarterback; Baugh, 160-pounds, at left halfback; Goodrum, 165-pounds, at right halfback; and Herron, 160-pounds, at wingback.

Baugh has lots of power and is quick while Goodrum is extremely fast. Field is good passer and runner who likes to throw a roll out pass.

Junior High Art Students Working On Fire Posters

Art students in Hamlin Junior High School are busy getting their fire prevention posters completed in preparation of observance of Fire Prevention Week, October 9-15.

Last year two students received recognition for the posters which were submitted in the state contest in May. Nine posters were sent in from junior high classes here in competition with 1,300 posters from 168 towns in Texas.

Ronnie Sipe won ninth place in the state contest and Shirley Long was awarded an honorable mention certificate.

Funeral services were held Tuesday at 10:00 o'clock at Cotton Batten Funeral Home in Weatherford for Mrs. J. S. Reynolds, mother of Mrs. Nellie R. Pearce, Field Worker for the State Department of Public Welfare in Jones County.

Mrs. Reynolds is also survived by another daughter and two sons.

Mrs. Joe B. Stephens, Jones County school nurse, attended a workshop in Cisco Saturday for school nurses of the Texas State Teachers Association.

Party Held in Mr. and Mrs. Payne Home

September 24, 1920

One of the most delightful social events of the week was the party given Friday evening at the home of Mr. and Mrs. D. J. Payne on Hope Avenue. Mesdames Payne and H. D. Neff entertained a number of young people, complimentary to the teachers of the Hamlin Public Schools.

The guests were welcomed at the gate by Mr. and Mrs. Payne and Mr. and Mrs. Neff in a very cordial manner. Dainty score cards, were presented by Mr. and Mrs. Pope, which announced the diversion of the evening. Mrs. Ted Russell and Miss Milta McIntosh then directed to tables, which had been arranged on the beautifully lighted lawn, for progressive forty-two.

The soft rays of the electric lights falling on the greenery of the lawn and the many colored flowers, converted the scene into a veritable "Fairy Garden" the pleasure of which was greatly enhanced by the beautiful piano selections rendered by Mrs. Ted Russell.

Among the many new and novel attractions offered by Olympic Greater Shows coming to Hamlin Friday night, none pleases the kiddies more than "Texas" a native born Shetland Pony conceded to be the smallest bucking pony in the world today. This little fellow stands scarcely three feet tall and weighs less than one hundred pounds, yet thousands laugh daily as the little folks amuse themselves trying to ride him.

P-TA Holds First Meeting of Year

September 27, 1935

The Hamlin Parent-Teacher Association will have their first meeting of the year next Thursday evening, October 3, at 7:45 at the High School building.

The main objective of this meeting is to acquaint parents with their children's teachers. A short program will be given in the auditorium. Then there will be a get-together in the vacant room where each person will share in entertaining the crowd in a social way. After everybody has met everybody else refreshments will be served.

Bowls or roses decked the rooms in the home of Mrs. W. J. Poe, Wednesday afternoon when she entertained the Blue Bonnet Club. In the games of contract Mrs. R. Y. Barrow held high honors for the club and Mrs. Fred Carpenter for the guests. A salad plate with an-

gel food cake and iced tea was served.

Robbers are in town, or at least they, or he or a bunch were here last Saturday night. Nearly every day somebody reported that their homes had been entered Saturday night and something taken. It appears that "pans" are the favorite article wanted.

For example, in East Hamlin, banker Paul Cain laid his pants on a table near a window and a man comes and opens the screen, takes Paul's breeches out and took 30 cents and a watch. His wife saw the fellow but was too scared to squeal.

The man was also seen at the Cain house as he tried to enter their front door. Judge Harrington suffered the loss of two or three dollars that night and several others reported similar happenings.

Pipers Ease by Merkel 11, 22-6

The Pied Pipers took a first half lead of 22 points in their contest Friday night with Merkel and then held off the Badger onslaught in the second half to capture their third win, 22-6.

The passing attack of Mike Bond and Stanley Austin spelled the difference with a big Merkel team dominating the game on the ground. The Badgers led on the ground in both halves but it was the final half that the Badgers came to life and gave the Pipers a run for their money.

Merkel had seven first downs to Hamlin's six, 107 yards to 68 yards and 19 yards in the air to Hamlin's 22 in the second half.

Leading ground gainers in the game were Merkel's Phil Seymore, with 18 carries for 90 yards, and Ronnie Reeger with 21 trips for 67 yards. Tops for Hamlin were Frankie Lee with 59 yards in 18 carries and Stanley Austin with 44 yards in 11 attempts.

Bond led the passers with four of 12 completions for 88 yards, followed by Austin with two of three for 55 yards. Lester Dorton passed six times for Merkel completing three for 33 yards.

On defense the Pipers were led by Jerry Duncan, David Bonds, Austin, Gary Cooper and Gary Williams.

The opening kickoff was short and was taken by Robert Woodruff and returned to the Hamlin 48 from where they started their first scoring drive.

Lee carried for five, Dave Bellamy, one, Lee six, Austin two, Lee five and no gain, Bond four, Jerald McCanlies for 22 yards down to the 11 from where Lee carried for five and Joe Ford went over left guard for the score. Bond's pass for the points after was no good.

Merkel took the kick and drove from their 28 to the Hamlin 17 before losing the ball on downs.

back up the field to the Badger 45, from this point McCanlies punted to the Badger 10.

The Badgers pushed their way out to the 22 yard line, but on the next two plays they lost seven yards and punted from their 15. A host of Pipers broke in and blocked the kick with Duncan scooping the ball up and racing into the end zone for the second Piper score. Austin carried around his right end for the two points.

After the kickoff Gary Cooper recovered a Merkel fumble on his 42 yard line, only to have Merkel intercept Bond's pass two plays later.

Hamlin took over on downs on their 30 and Bond was stopped for no gain, threw an incomplete pass and then hit Bonds with a pass good for 15 yards. After another incomplete pass Bond pitched back to Austin who passed to Robert Brandon for 15 yards. The Pipers scored on a double reverse with Austin again getting the ball and passing, this time to McCanlies, for 40 yards. Lee knifed over his right guard for the two points.

Merkel took the second half kickoff and in five plays scored, with Seymore going the last 50 yards straight up the middle. The try for two points failed.

Hamlin moved the ball to the Badger 41 before giving the ball up on a fumble. Merkel

drove down the field to the Piper five yard line where Hamlin recovered a loose ball stopping the threat.

With Lee and Austin carrying the ball Hamlin marched from their five to the Badger 20. The drive was halted when Merkel intercepted Bond's pass and returned it to their 20.

Merkel moved the ball out to their 19 from where they punted. The Pipers got of one play from their 16 as the game ended.

At the end of June 1960, 14 million men, women, and children were receiving monthly old-age, survivors, and disability insurance benefits, totaling more than \$900 million a month.

BCD PLANS TO OBSERVE OIL PROGRESS WEEK HERE

Plans for paying tribute to the oil industry got underway here Monday with a meeting of the Petroleum Relations Committee of the Board of Community Development and key people of the oil industry in the BCD office at 10:00 a. m., according to John C. Bryant chairman.

Bryant explained that the purpose of the meeting was to hear ideas and discussion of ways in which the community could work hand-in-hand with the oil industry, to hear their problems, and how they can best be solved.

He said, "The oil industry plays a vital part in the economy of this community and it is only befitting that we publicly recognize what the industry means to Hamlin. The community wants to salute the oil industry by displaying products, machinery or posters representing each individual company, and with a banquet in their honor."

"This would be our way of telling the oil industry's story

to the community," Bryant concluded.

It was suggested that the BCD make a chart showing increased value of farmlands, brought about by the oil in this area, the number of people employed in the oil industry, their annual payrolls, the number of oil people who are home owners, renters, and the amount of money spent locally by the oil industry.

Each company will be contacted and urged to construct a poster or provide the information needed to tell the company's local story and display them in local store windows during Oil Progress Week in October.

After deliberation on the subject of a banquet, it was recommended that the BCD use the theme at their annual banquet in January, which would give more time to planning and arrangements.

John Bryant, chairman and member of the BCD board of directors, said this could be possible but declined affirmation until the General Chair-

man for the banquet could be contacted and his approval confirmed by the board of directors at their regular meeting Monday night.

Those present were: John C. Bryant, Loyd Burkhart, Welton C. Griggs, R. D. Compton and Phil Smith. Another meeting of this committee, which will be the steering committee, will be held following the directors meeting to further plan a program.

Johnson Ann Ferguson, daughter of Mrs. Thomas Ferguson, 240 Southwest E, has been selected as a sorority pledge in Sigma Kappa, one of the eleven social sororities on the Texas Tech campus.

MODERN DAY SUSPENSE STORY STARTS SUNDAY AT FERGUSON

Beautiful Lana Turner returned to the scene of her greatest screen triumph when she accepted produced Ross Hunter's offer to head an all-star cast in Universal-International's "Portrait In Black," set to open here Sunday at the Ferguson Theatre.

It was at that studio over a year ago that Miss Turner had starred in "Imitation of Life," a movie that was destined to become one of the most popular and highest-grossing in the studio's 44-year history. For Lana, it represented the most rewarding performance of her entire career.

"Portrait in Black" is a modern-day suspense story set in San Francisco. Based on the Broadway play by Ivan Goff and Ben Roberts, it was adapted for the screen by the original authors. Contrary to accepted Hollywood customs of presenting suspense dramas in black-and-white, low-key photography, "Portrait in Black" is a vivid presentation of lush, expensive settings and beautiful clothes and jewels photographed in color.

Sharing the star roster with Lana Turner are Anthony Quinn, Richard Basehart, Sandra Dee, John Saxon, Loyd Nolan, Anna May Wong, Ray Watson and Virginia Grey.

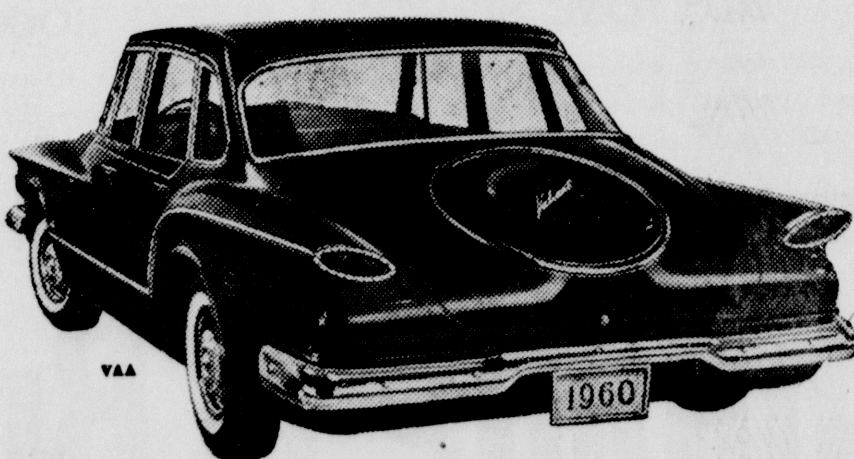

Return Home

Mrs. W. B. Elkins and her daughter, Mrs. Don Lock, have returned home after visiting Mrs. Elkin's daughter and family, Mr. and Mrs. Billy J. Day and Mike in Hayward, Calif.

Mrs. Elkins had been in California since July and was joined by Mrs. Lock two weeks ago. They toured points of interest in California and also visited relatives in Fresno, California, Lubbock and Slaton. They returned by train to Sweetwater.
